

**RUGGEDIZED INDUSTRIAL COMPUTER
INTEL CORE 2 DUO SYSTEM**

OVERVIEW

- “ High-End ” Processing Horsepower
- Low Power / Wattage
- Durable Metal Construction
- All Industrial Components, Long MTBF
- High Shock & Vibration Design Elements
- Small Overall Footprint
- Tabs for Easy Panel Mounting
- Competitively Priced
- 1 Year Warranty

DESCRIPTION

The F1 Series Industrial Computer is a great mix of performance, compact size and extreme-use durability. In addition to long-life industrial components, it is ruggedized beyond most other industrial PC 's, having military-grade shock mounts placed above and below mounting points on internal critical components.

PC SPECIFICATIONS	STANDARD FEATURES	OPTIONAL
Processor	1.83 GHz Core 2 Duo (34 Watt Edition)	N/A
Memory	1 GB DDR2 667 SDRAM	Upgrade to 2 GB DDR2 667 SDRAM
Drive	120 GB SATA-2 HDD	30 and 60 GB SATA-2 SSD HDD
Serial	2 RS-232 COM Ports	N/A
USB	6 USB 2.0 Ports	N/A
Keyboard / Mouse	USE USB Ports	N/A
Ethernet	Dual RJ45 Ports - 10/100/1000	N/A
Video Output	HD 15 VGA, DVI-D (Intel GMA 950)	N/A
Enhanced Audio & Video	HDCP-Compliant HDMI	N/A
Audio	Standard Audio Ports	N/A
Operating System	None	WinXP, WinXPe, or WinVista
